

# Honors CC Math 2

## Instructor Information

Jung Yu

WHS 9<sup>th</sup> Grade Center  
Room 1410

## Spring Schedule

1st Period: Intro to HS  
Math

2<sup>nd</sup> Period: Planning Period

3<sup>rd</sup> Period: Honors CCM2

4<sup>th</sup> Period: Honors CCM2

## Help Time

I am available for extra  
help on Wednesday  
morning 7:05-7:30.

I am available other  
mornings and afternoons  
by appointment.

Please come get help!

## Grading Scale

100-90	A
89-80	B
79-70	C
69-60	D
Below 60	F

## Contact Mr. Yu

Email: [jyu@wcpss.net](mailto:jyu@wcpss.net)

## Class Website:

<http://math4yu.weebly.com>

## Course Information:

Building knowledge learned during Common Core Math 1, this course deepens students understanding on topics such as linear relationships, geometric concepts, types of functions and probability. The geometry standards that appear in this course explore more complex geometric situations and move toward formal mathematical arguments. Upon successful completion of Common Core Math 2, students will go on to take Common Core Math 3 next school year.

## Required Materials:

- Binder (can be shared with other classes but create a math section)
- 1 composition book or single subject notebook (used daily)
- Loose leaf notebook paper
- Graph paper (used often)
- Pencils
- Graphing calculator (used daily)

## Optional Materials:

Glue or tape  
Scissors  
Colored pencils

## Graphing Calculator Requirements:

Students are required to have a GRAPHING calculator for this course. The TI-83+ or TI-84+ is recommended. (The TI-Nspire is acceptable as long as your child uses the TI-84+ faceplate for all quizzes and tests.) **They must bring their calculator to class every day.** If the purchase of a graphing calculator is not feasible at this time, WHS has the option to check out a calculator for the semester on a first come first served basis. Students/parents must complete a loan agreement (parent signature must be witnessed by any school official or form must be notarized). Loan forms can be obtained by any math teacher.

Please note: Not having a graphing calculator is not an excuse. Students who do not have a graphing calculator will be at a severe disadvantage in this course and will be unable to complete much of the coursework, including tests and quizzes. If you have questions concerning this requirement, please contact me.

## Concerning Grades:

Tests: 60%

Quizzes: 25%

Homework and Classwork: 15%

**Final Grade = 40%** (1st quarter) + **40%** (2nd quarter) + **20%** (Final exam)

### Important Dates:

#### **Meet The Teacher Night**

1/28/2016

#### **Interim Reports Go Home**

2/25/2016 & 5/6/2016

#### **Spring Midterm Exams**

3/21/2016

1<sup>st</sup> and 3<sup>rd</sup> period exams

3/22/2016

2<sup>nd</sup> and 4<sup>th</sup> period exams

3/23/2016

Make up exams

### Wakefield High Honor

**Code:** The students of Wakefield High School are committed to being honest and responsible in the completion of academic materials and interactions with the school administration and community. Cheating, stealing, plagiarism (passing off another's work, words, or ideas as one's own), and lying (including willful distortion or misrepresentation) are considered violations of the Honor Code. Through a joint fulfillment of this code, students and faculty will achieve their fullest potential in academic excellence and character.

### Homework Completion:

You must practice to become proficient! Expect to spend time on content every night – whether through homework, studying for assessments, or reviewing for understanding. Homework will be due weekly by 11:59pm on the mathXLforschool.com website. Students created an account for MathXL on the first day of class and majority of homework assignments are to be completed online through the website. These assignments will be **graded for accuracy** as the MathXL provides examples and videos for each problem to assist students in completion of their online assignments. This will prove to be beneficial for students who typically struggle with math homework. Technical issues must be communicated by a parent or guardian prior to the assignment due date. Email [jyu@wcpss.net](mailto:jyu@wcpss.net) with any issues.

We have had the most success using the Google Chrome browser. (Internet Explorer rarely works properly). MathXL is available for tablets/iPads however it is not fully functional on smart phones. Students may also use school computers in my classroom or media center to complete MathXL assignments.

### Course Website:

Mr. Yu has a course website with additional resources and course materials. In the event a student is absent, they should look at the website prior to attending class. Notes, tutorial videos and practice quizzes or additional review material will be posted.

<http://math4yu.weebly.com>

### Attendance Policy:

Don't miss class! But, if you do . . .

1. It is your responsibility to find out what you missed and to make it up. Borrow and copy a classmate's notes. Get any handouts missed when you return to class. Get another student to help you with the material outside of class and/or come in for extra help.
2. Students have 2 days per each excused absence to make up assignments and assessments.
3. If you miss the day before the test, you are still expected to take the test on the scheduled test day. Notes/review will always be posted on Ms. Plant's website.

### Electronic Device Policy:

There will be in-class opportunities in which you may utilize your cell phone or other technology to participate in a lesson or activity. In such case, technology should be used appropriately and put away directly after the activity. Failure to do so will result in immediate consequences.

1<sup>st</sup> Offense: Confiscated until end of class

2<sup>nd</sup> Offense: Administrative Referral- Phone taken to office for parent pick-up

### Course Expectations:

You can be successful if you take responsibility for your own progress.

1. Follow directions quickly.
2. Be Positive.
3. Take Responsibility.
4. Tell the truth.
5. Do your best. Always.
6. Help each other.
7. Follow all WHS policies & procedures.
